in

Supporting

Our

Alma Mater

BENEFITS

□ Networking

Over, 40,000 students in various disciplines have graduated from CAST and UTech. These graduates can be found in positions at all levels in management and the professions all over Jamaica and the rest of the world. Membership in the Alumni Association will provide excellent opportunities for camaraderie and networking among this group.

Real affinity is usually felt when one meets a graduate in a social setting or in the world of work. A sense of kinship comes from experiences shared at UTech.

□ Staying in Touch

It is so easy to lose touch with classmates with whom you spent trying times and joyful occasions. The many events organized by the Association throughout the year will allow you to maintain contact, and to compare notes as the years unfold.

□ Big Savings On Purchases

Members will receive a Corporate Discount Card which entitles them to substantial discounts on purchases of a wide range of goods and services.

□ Use of UTech Facilities

Members will have access to the Library and select Sporting Facilities on campus.

□ Personal & Professional Development

The Alumni Association has five (5) committees i.e *Budget & Finance, Membership, Fundraising & Social Activities, Campus Link & Administration, Public Relations, and Constitution & Ethics*. Members are encouraged to serve on these committees. This is an excellent opportunity for you to serve your alma mater and to further broaden your personal and professional skills.

□ Newsletter

Members will receive the Alumni/UTech Newsletter which will provide updates on the happenings on campus, tips and news about alumni based locally and overseas.

□ Help Improve Our University

During your period of study at UTech you may have noted areas for improvement. The Alumni Association has a representative on the University Council. This provides the opportunity for the Alumni Community to influence meaningful changes in the University's policies. These improvement can benefit future students and add value to the certification of Alumni.

Excellence Through Knowledge
